CERTIFICATES

Introduction to Git and GitHub
GOOGLE
2021

Web Application Technology and Django
University of Michigan

Automation the Boring stuff with python
Udemy

SUMMARY

Before pursuing my career in tech I have been on many jobs in a customer-related position. Where I would have to help them with the enquiry and finding solutions to any problems they had. Now I had on my own studied how to make a basic website from HTML, and CSS to middle level with more responsive features rich with Django and python.

SKILLS

- WordPress
- HTML
- Linux
- Docker
- Anaconda
- Google Colab
- Google Cloud
- AWS
- GitHub
- Git
- VS Code
- CSS
- SQL
- Python
- JavaScript
- Basic
- C
- Java

HOBBIES

- Gardening
- Running
- Hicking
